Anglatècnic online editors demo tutorial

May 2019

By: Kimia Mirehbar

Abstract:

This document is aimed to professional people who wish to perform a demo on online editors offered by Anglatècnic. The editors are part of the ImAc project which has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement 761974.

Introduction

The present document is meant to be read by people who request doing a demo of online editors.

Steps to take

You are here because you have signed up on our website to perform a demo of editors.

By now, you must have received an email from us with your username and password.

Be careful that this username and password is valid only for 30 days.

From here, these are the stages you need to follow:

1. Click on the link provided in the email to go to the platform.
2. Enter username and password.
3. After logging in, you will see the tasks according to the options (type of access service editor and language) you marked in the sign up form (figure 1).
4. by clicking on “Edit”, you will be redirected to the editor you aim for.
5. If you need to know how editors work, there are user manuals provided for you in the documentation page.
6. Once finished working, you can save the progress and come back to it later for analysis or edition but only for 30 days after registration.
